

## THE NONFICTION CORE APPLICATION PROPOSAL CHECKLIST (updated V.2024)

### **Note to funders:**

- Organizations may choose the questions below that are relevant to their specific funding initiative. **You do not have to use all the Core Application questions if they are not relevant to your funding or artist support.**
- Funders may divide the Core Application questions to fit their application timelines and processes. For example, a funder may ask for the logline, artist biography, and project stage in a letter of intent (LOI) and include additional questions in their second round.
- Questions should be used as written. Please do not rewrite or modify the text of the questions.
- **Funders may add additional questions that are relevant to their applications or make questions optional.**
- We recommend funders offer applicants who are unable to submit a written application an alternative submission method (e.g., a video or audio application). Funders should clearly indicate how an applicant should proceed to request an alternative submission method. We suggest providing an email address and a phone number for this process. For example, please contact Jane Doe at [janedoe@funder.org](mailto:janedoe@funder.org) or 123-456-7890 to initiate your application process.
- Not all submission platforms accept # of words to determine length limits, to translate word count to character count, we suggest the following :
  - 100 words = 650 characters

### **Note to applicants:**

- We suggest that your total word count for the entire application be approximately no more than 4,000 words. Responses are not penalized for coming in under the maximum word count, so long as they address the questions posed.
